

October 2017 PSAT

PSAT/NMSQT and PSAT 8/9 Scores will be in your College Board account on Wednesday, December 13, 2017

Scores for the 2017 PSAT/NMSQT and PSAT 8/9 will be available Wednesday, December 13, 2017, online to students through their free College Board accounts. Students can view scores via College Board at <https://studentscores.collegeboard.org/home>. Those students who do not currently have a College Board account will need to create one to view scores.

Helping Students Who Can't Access Their Accounts

After students log in to their College Board account, using **FCPS student email information or login their information from previously creating an account** they should click "Add Scores." In the *Matching Tool*, it is essential that the information in their account matches what they entered on their answer sheet. For example, if they put "Elizabeth" on their answer sheet and "Beth" in their account, their scores will not load. If students need to change their name, they must call College Board Customer Service at **1 (866) 630-9305**. All other changes can be corrected in their account. If that still doesn't populate the scores, the student will be prompted to indicate which test they're missing and put in the access code to assist the match. It is also important that students choose the correct test name and test year. Ninth grades students should select the "PSAT 8/9" exam, tenth and eleventh grade students should choose the "PSAT/NMSQT" exam. All students should choose the 2017 as the test year (they took the exam in October 2017).

Trying and failing to login to a student account multiple times could result in a lock out...students must call College Board Customer Service at **1 (866) 630-9305** to reinstate the account.

Students may contact individual counselors for scores/access codes, or email Janice Dabroski, Assessment Coach jdabroski@fcps.edu
